

TEDDY J. PRIEBE

Acting Director – Library Services and Content Management (LSCM)

Director – Library Planning and Development (LPD)

As Acting Director of Library Services and Content Management, Priebe oversees the Federal Depository Library Program; providing management support for implementation of strategic programs and operations in partnership with depository libraries and in collaboration with other GPO business units.

Biography

Priebe has held various positions at GPO including: Director of Library Planning and Development, Assistant Chief of Staff, Manager of the Hampton Regional Printing Procurement Office, and beginning his career as a Printing Specialist in the Printing Procurement Division. In these positions, Priebe contributed to operations management and business development, while fostering relationships with government agencies and industry leaders, developed end-to-end procurement solutions, and represented the agency at meetings, conferences, and trade-shows.

Priebe received his Bachelor of Science in Industrial Technology, with a major in Graphic Arts Management from the University of Wisconsin – Stout in 1991.
